Mr. Nafziger

I want to take this opportunity to thank you and your Aqua Systems team for being one of the best purveyors that I have had the pleasure of working with. Your team has always shown professionalism and dedication to resolving any concerns that we may have our dish washing system and chemical needs. Your teams prompt response and excellent follow up is certainly to be admired. I would like to recognize Kenny the sales rep and Carlos the technician as a couple stand out individuals that really make the difference. Thanks for the great service and I look forward to working with you and the Aqua Systems team in the future.

Sincerely,

Michael Langlois
Food and Beverage Director
Apple Farm Restaurant
